

## PHASES OF THE MOON

And I know the moon affects the sea the waters rising up. And spins orbits 27.3, they both equal in sum. But at least the face is beautiful see same forever one.

This I know, this I know. It goes waxing crescent, first quarter. It goes waxing gibbous, now full. Waning gibbous then goes third quarter. It goes waning crescent becomes new. Oh, oh, oh,

I can see the phases of the moon.

Cause of orbit, how we see it,

I can see the phases of the moon.

Cause of orbit, how we see it,

And I know the moon helps earth you see gravity pulling some. And the tilt of earth is 23.5 moon holds it on. All the seasons they are necessary for life to take hold. Yes I know, yes I know.

It goes waxing crescent, first quarter. It goes waxing gibbous, now full. Waning gibbous then goes third quarter. It goes waning crescent becomes new. Oh, oh, oh,

I can see the phases of the moon, cause of orbit, how we see it. I can see the phases of the moon, cause of orbit, how we see it,

**I can see the phases of the moon**

**Cause of orbit, how we see it**

**I can see the phases of the moon**

**Cause of orbit (echo)**

**How we see it (echo)** (break)

It goes waxing crescent, first quarter. It goes waxing gibbous, now full. Waning gibbous then goes third quarter.

It goes waning crescent becomes new. Oh, oh, oh,

(Break 4 beats)

*I can see the phases of the moon. Cause of orbit, how we see it, I can see the phases of the moon. Cause of orbit, (echo) how we see it, (echo)*

**I can see the phases of the moon.**

**Cause of orbit, how we see it,**

**I can see the phases of the moon.**

**Cause of orbit, (echo) how we see it, (echo)**

**FADE**

## REACH FOR THE STARS

When the world, leaves you feeling blue,  
You can count on me, I will be there for you.

When it seems, all your hopes and dreams,  
Are a million miles away,

I will re-assure you.

*We've got to all stick together  
Good friends, there for each other  
Never ever forget that  
I've got you and you've got me, so*

(Chorus)

Reach for the stars  
Climb every mountain higher  
Reach for the stars  
follow your heart's desire  
Reach for the stars

And when that rainbow's shining over you  
that's when your dreams will all come true

There's a place waiting just for you.  
Is a special place where your dreams all come true.

Fly away, swim the ocean blue.  
Drive that open road, leave the past behind  
you.  
Don't stop, gotta keep moving.  
Your hopes have gotta keep building  
Never ever forget that.  
I've got you and you've got me, so

(Chorus)

Reach for the stars  
Climb every mountain higher  
Reach for the stars  
Follow your hearts desire  
Reach for the stars  
And when that rainbow's shining over you  
That's when your dreams will all come true

Don't believe in all that you've been told  
The sky's the limit you can reach your goal.  
No-one knows just what the future holds.  
There ain't nothing you can't be.  
There's a whole world at your feet  
I said reach.

Climb every mountain (reach)  
Reach for the moon (reach)  
Follow that rainbow.  
And your dreams will all come true.

(Chorus)

Reach for the stars  
Climb every mountain higher  
Reach for the stars  
Follow your heart's desire  
Reach for the stars  
And when that rainbow's shining over you  
That's when your dreams will all come true  
(repeat x2) *Fade.....*

### **SPACE ODDITY**

Ground Control to Major Tom  
Ground Control to Major Tom  
Take your protein pills

And put your helmet on

Ground Control to Major Tom Commencing  
countdown, engines on , Check ignition And  
may good luck be with you

This is Ground Control to Major Tom  
you've really made the grade  
and the papers want to know, whose shirts  
you wear  
Now it's time to leave the capsule if you dare

This is Major Tom to Ground Control  
I'm stepping through the door  
and I'm floating in a most peculiar way  
and the stars look very different today

For here  
Am I sitting in a tin can  
far above the world  
Planet Earth is blue  
And there's nothing I can do...

REPEAT ALL SONG AGAIN

### **PLANETS AROUND A STAR**

Oh, Planets around a star, a million miles  
away, orbit around the sun oh ( 3 )

(1, 2,) Seasons come and go, but they will  
never change revolving that way
